1. Understanding the theory courses

The Bachelor of Education (B.Ed.) & Bachelor of Arts & Bachelor of Education (B.A.B.Ed.) program is a professional degree that prepares students to become teachers. The program includes a variety of theory courses that cover topics such as educational psychology, teaching methodologies, and curriculum development. College teachers make understanding all subjects as per students grasping power and knowledge in classroom as well as Library.

2. Practice Teaching

Practice teaching, also known as student teaching, is a period of time when a student teacher teaches under the supervision of an experienced teacher. It's a chance for student teachers to apply what they've learned in theory and content courses, and to gain practical experience in the role of a teacher.

4. Out of Class Room Activities

Out-of-classroom activities for students are learning experiences that take place outside of the classroom.

Out-of-classroom activities can help students:

1. Develop critical thinking, problem-solving, and decision-making skills
2. Learn to work in teams, lead, and compromise
3. Gain a deeper understanding of challenging concepts
4. Learn in a context that motivates them etc.
